### PROPERTIES

**Description**
This resource contains 3 PDF files. They report the crop calendars in the European Union (EU) at national level for: winter wheat, (soft and durum), grainz maize and rice. The calendars are defined according to three macro-phenological phases. 1) from planting to early vegetative stages. 2) from vegetative to reproductive stages. 3) from ripening to harvest stages. The data are coming from expert knowledge evaluation.

**NUTS Resolution**
Nuts0, Nuts1 (FR)

**Disclaimer**
The developers/maintainers of this dataset do not have any responsibility on its use and on results/products derived from it. Although the data set has been verified and updated.

**Instructions**
Download the ZIP and extract the compressed folder containing the PDF files of maize, rice and wheat.

**Domain**
Agricultural Shape Files.

**Author**
Directorate D – Sustainable resources / Unit 05 – Food security

**Format**
Compressed as ZIP file

**Size**
640 KByte
